Cold traps with condensate drain

Cold traps with
condensate drain

Cold trap for direct filling of cooling agents, with valve stopcock (with retaining device) for condensate drain, low cooling agent consumption due to double-walled design, apparatus connection: socket NS 29/32, vacuum pump connection: cone NS 29/32, made of DURAN® tubing

Coolant capacity (ml)	Pack (qty.)	Cat. No.
200	1	5 3555 46
500	1	5 3555 58
