High-efficient condensers with four coils

High-efficient condensers with four coils

High-efficient condensers with four cooling coils, cooling surface: 2,350 cm², jacket length: 300 mm, made of DURAN® tubing, packaging unit: 1 piece
with cone and socket NS 45/40, water connection: olives
Cat. No.: 5 2550 00
with ball and socket KF 50, water connection: balls KF 15
Cat. No.: 5 2550 50
